**Doon School of Liberal Studies**  
(Liberal Arts | Modern Media | Modern Agriculture & Forestry)

At DBS Global University, students are empowered to learn beyond boundaries through future-focused education, experiential learning, and industry engagement. The Doon School of Liberal Studies, featuring the Department of Liberal Arts, nurtures critical thinkers, policymakers, and global citizens. Our curriculum offers interdisciplinary programmes, dual specializations, research, and integrated UPSC preparation. The Department of Modern Media combines creativity with technology, offering hands-on learning through AI-enabled labs, professional studios, and industry collaborations that prepare students for careers in journalism, filmmaking, digital media, and communication. The Department of Modern Agriculture & Forestry blends scientific excellence with practical innovation, enabling students to explore smart farming, agribusiness, sustainability, forestry, and emerging agricultural technologies. Across all departments, students benefit from internships, live projects, industry mentorship, research opportunities, and vibrant campus life. With a commitment to academic excellence, innovation, leadership, and employability, DBS Global University prepares graduates to become changemakers, entrepreneurs, professionals, and responsible global citizens ready to shape the future.

## Department of Modern Media

The Department of Modern Media offers cutting-edge education in digital media and communication. Our programs are designed to provide students with practical skills and hands-on experience, utilizing advanced facilities like AI labs, media labs, and state-of-the-art studios. The curriculum is aligned with industry trends, ensuring graduates are well-prepared to excel in dynamic and evolving media careers.

We are proud to collaborate with HK Studio Mumbai for film and television projects and JSR Studio Dehradun for mass communication. These partnerships provide our students with unique industry exposure and opportunities to work on real-world projects, enhancing their learning experience and career prospects. Join us to become a leader in the field of modern media and communication.

## Program Offerings

- BA Film and TV

### INDUSTRY & TECHNOLOGY PARTNERS

UNITED STATES

## Lights, Camera, Your Career Begins

### B.A. Film & TV (3 Years) / Hons. (4 Years)

Graduate with a Film, a Portfolio, and a Network

This 3-year full-time undergraduate programme, spread across six semesters, is designed in collaboration with acclaimed filmmakers and industry experts to provide students with unmatched mentorship and practical experience. With guidance from renowned names like Dipankar Jojo Chai (Pink), Gautami Vegyaraju (Bajirao Mastani), and Aseem Bajaj (Sacred Games), students benefit from direct industry insights. Partnerships with Mumbai's HK Studios Education and Purple People Labs, along with access to world-class infrastructure at HK Studio Mumbai and JSR Studios Dehradun, ensure hands-on training with cutting-edge media technologies. Each year, students produce a film, participate in real-world projects, and showcase their work at multiplexes and international festivals. Set in the vibrant and film-supportive city of Dehradun—bolstered by policies from the Uttarakhand Film Development Council (UFDC)—the programme offers added advantages such as tax incentives for productions and a student-friendly environment with affordable living and safe, homely residential facilities at DBS Global University.

## Make Your Mark in the Digital World

### B.A. Digital Media & Mass Communication (3 Years) / Hons. (4 Years)

Graduate with a Portfolio, a Campaign, and a Career Plan.

This 3-year full-time undergraduate programme, spread across six semesters, is built to prepare students for the fast-changing digital media and communication industry. The programme strikes a dynamic balance between theory and practice, focusing on hands-on learning, innovative thinking, and future-ready skills.

Crafted with insights from industry experts and driven by real-world projects, the curriculum evolves with the media landscape ensuring you don't just keep up, but lead.

Backed by facilities like the AI Lab, Podcast Studio, and Media Lab, students work with the latest tech and tools. The programme culminates in a professional-level capstone project, equipping graduates with a standout portfolio and an industry-ready mindset.

Set in Dehradun, a growing hub for creativity and communication, students benefit from a vibrant, affordable, and supportive ecosystem for learning and living.

## IAS Preparation by one of the TOP IAS Coaching Center

Department of Liberal Arts, DBS Global University, provides students with dedicated guidance for Civil Services (IAS) preparation through academic support and expert mentoring. In collaboration with one of the leading IAS coaching institutions, the school offers structured preparation that helps students build a strong foundation for the Civil Services Examination conducted by the Union Public Service Commission.

The program integrates key subjects of the UPSC syllabus such as Indian Polity, History, Geography, Economics, Sociology, and Current Affairs with the interdisciplinary learning approach of liberal studies. Regular expert lectures, mentorship sessions, and strategy workshops conducted by experienced faculty and civil services mentors help students understand the examination pattern, answer-writing techniques, and analytical approaches required for success.

## International Exposure and Global Pathways

Students can take on new academic challenges and enhance their learning experiences by taking advantage of the fascinating global opportunities that DBS Global University offers. Studying abroad provides students with the exceptional opportunity to immerse themselves in a foreign culture and form lifelong relationships with people from all over the world. While studying abroad, students gain new perspectives and face intellectual challenges that help them grow both academically and personally.

At DBS Global University, students will have the chance to join the Education Immersion Program. They can choose from a variety of study abroad options, including One Week, Two Week, One Month, Two Months, Six Months, and One Year programs at over 20+ partner universities and institutions worldwide.

# Department of Modern Agriculture & Forestry

Department of Modern Agriculture & Forestry at DBS Global University is a pioneering institution committed to revolutionizing agricultural education and research.

With a focus on innovation and sustainability, the school offers comprehensive programs that amalgamate traditional agricultural practices with cutting-edge technologies. It provides a multidisciplinary approach, blending theoretical knowledge with practical applications in precision agriculture, sustainable farming methods, and data-driven decision-making. State-of-the-art laboratories, experiential learning on working farms, and industry-led internships augment the curriculum, preparing graduates to tackle global agricultural challenges. The school fosters a holistic understanding of the agricultural landscape, empowering students to become forward-thinking agricultural leaders, adept at addressing food security, environmental sustainability, and the complexities of modern farming.

## USP

### Six Pillars that set us apart

#### **ICAR-Benchmarked Excellence:**

Curricula aligned to ICAR pathways to JRF, SRF & competitive exams.

## **B.Sc Agriculture (Hons.)** Duration : 4 years

The B.Sc. Agriculture program at Department of Modern Agriculture is a comprehensive undergraduate degree designed to cultivate skilled professionals in the agricultural domain.

This program integrates theoretical knowledge with hands-on practical experience, covering diverse aspects such as crop science, soil management, pest control, and sustainable farming practices. The program provides insights into the latest agricultural technologies and innovations and prepares them for roles in farm management, agribusiness, and research. With a focus on fostering sustainability and environmental responsibility, the program equips graduates to address the challenges of modern agriculture and contribute to the advancement of the agricultural sector.

## **B.Sc Forestry (Hons.)** Duration : 4 years

The B.Sc. Forestry program at DBS Global University is designed to cultivate professionals with a deep understanding of forest ecosystems, conservation, and sustainable resource management.

The program explores diverse aspects of forestry, including tree biology, wildlife conservation, and forest policy. Practical fieldwork, industry exposure, and research opportunities provide hands-on skills. With a focus on environmental stewardship, graduates emerge ready to contribute to sustainable forest management, biodiversity conservation, and ecological balance, making a positive impact on the environment and local communities.

## **B.Sc Agri Business (Hons.)** Duration : 4 years

The global food and agribusiness sector is one of the largest and fastest-growing industries worldwide, yet it faces a critical shortage of professionals who can bridge the gap between agriculture and business.

The B.Sc. Agribusiness Management (Honours) programme at the Doon School of Modern Agriculture & Forestry is designed to address this need. Rooted in a strong agronomic foundation, the four-year honours pathway integrates business, finance, marketing, law, and AI-powered analytics to prepare students for leadership in agrifood enterprises, supply chain management, commodity markets, and digital transformation in Indian agriculture. Graduates emerge as business-ready agri-professionals, equipped to join leading agribusiness companies, agricultural banks such as NABARD, commodity exchanges, cooperative institutions, and food processing firms, or to launch their own entrepreneurial ventures in the agribusiness domain.

## **M.Sc Agronomy** Duration : 2 years

The M.Sc. Agronomy is a specialized postgraduate program that delves into advanced studies of crop production and management.

The comprehensive curriculum encompasses soil science, crop physiology, pest management, and sustainable agriculture practices. It provides expertise in optimizing crop yields, employing precision farming techniques, and addressing challenges in modern agriculture. With a strong focus on research, the program prepares individuals for careers as agronomists, researchers, and consultants, fostering a deep understanding of sustainable and innovative approaches to enhance global food production and meet the evolving demands of the agricultural industry.

## **MBA Agri Business** Duration : 2 years

The MBA in Agribusiness is a specialised program designed to prepare professionals for leadership roles in the fast-evolving world of agriculture and business.

MBA in Agribusiness Management at the Department of Modern Agriculture & Forestry equips students with business expertise and specialised knowledge of agriculture, food systems, and rural enterprises. The programme blends core MBA subjects such as strategy, finance, marketing, and leadership with agribusiness-focused learning in supply chains, commodity markets, agri-fintech, and sustainable agriculture. Students gain practical exposure through field visits, industry partnerships, and hands-on learning opportunities. With agriculture undergoing rapid transformation through technology and innovation, the course prepares future-ready professionals to address industry challenges and drive growth. Graduates are equipped to lead and innovate across the global agri-food and farming ecosystem.

### **Career Opportunities**

- Agronomist
- Seed Inspector
- Seed Technologist
- Research Scientist
- Horticulture Officer
- Agriculture Officer
- Environmental Consultant
- Agribusiness Manager
- Climate Change Analyst
- Forest Research Scientist
- Environmental Conservationist
- Government Agricultural Officer
- International Agricultural - Trade Specialist
